**Westend Training Center**  
**211 Cleave St, Estes Park, CO 80517-9070**  
**Driving Directions**

**From DIA/Denver**

From DIA, you can either go West through Boulder or North through Loveland.

- To go through Boulder, exit the airport and go South. Take I-70 W for 6 miles. Then take I-270 W towards Ft Collins, and continue on US-36 W toward Boulder. From here, follow the directions below.
- To go through Loveland, exit the airport and go South. Take I-70 W for 6 miles. Take I-270 W toward Ft Collins and merge on to I-25 N. Once at Loveland, take US-34 W and continue up through the canyon.

**From Boulder, Lyons**

Take US-36 West, also called N St Vrain Drive. Continue on past Lake Estes, which will be on your right. At the second light, turn left on Elkhorn Avenue (34 Business route). Go for about half mile; turn right on Spruce Street, just past the waterwheel. Cleave Street will be on the right on the other end of the parking lot. Use the free parking lot and walk down Cleave to 211, the 2-story peach stucco building with blue trim.

**From Loveland, Fort Collins**

Take US-34 West through Big Thompson Canyon. Continue on past the Lake Estes and down the hill. This turns into Elkhorn Avenue. Go straight for about half mile and turn right on Spruce Street, just past the waterwheel. Cleave Street will be on the right on the other end of the parking lot. Use the free parking lot and walk down Cleave to 211, the 2-story peach stucco building with blue trim.

**From Granby, Grand Lake**

Take US-34 East, also called Trail Ridge Road, through the park (this pass is closed in the winter, normally through Memorial Day weekend). 3 miles out of the park, veer right on W Elkhorn Ave (34 Business route). A mile later, turn left on Spruce Street. Cleave Street connects to the right behind the parking lot.

**Parking**

Free parking lots are located at both ends of Cleave Street, both at Spruce and at Big Horn (a block east of Spruce, toward the lake). There are also spaces lining Big Horn going up the hill. Please do not park on Cleave Street so that the local tenants can still park.
